A Fresh Spin on a Beloved Classic Tale

To what extremes will men go to win a suitable wife? For more than 500 years Shakespeare's *The Taming of the Shrew* has remained an audience favorite for its broad characterizations and onstage antics.

This summer, [Laark Productions](#) brings a fresh spin to this class-conscious comedy, setting it in the strict social order of the Edwardian Age. Relationships between masters and servants, parents and children, and husbands and wives are turned topsy-turvey.

Disguises are assumed, clothes are torn, food is thrown, swords are drawn and the social structure is stretched to its limits in this madcap comedy of manners and marriage.

A Special "Afternoon Tea" Performance "In the Gardens"

The premiere performance of *The Taming of the Shrew* will begin in the Discovery Gardens with a full afternoon tea service. The menu, catered by El Gato Azul, includes finger sandwiches, savories, tea scones and sweets accompanied by a selection of fine, freshly brewed teas.

Attendees are encouraged to arrive in fancy dress and stroll

the garden paths before joining the cast for the buffet tea service beginning at 4 pm in the shade of the tall pines. The show will begin in the garden Ramada and conclude in the Kawanis Amphitheater.
