

Thank you for your interest in the Habitat Program!

To complete the application, please answer the questions below in a separate document.

This application is due by email to jwurst@highlandscenter.org by **March 3, 2017**.

Application:

Please answer the following in 1-2 pages:

- 1) How do you believe the Schoolyard Habitat Program at your school would positively impact your school's student learning and science curriculum?

- 2) How do you plan to work with the Highlands Center to help cover the initial infrastructure costs?

- 3) The partnership between you and the Highlands Center lasts three years. How do you envision sustaining the program after the 3-year partnership?

Upon receiving your application, a staff member from the Highlands Center for Natural History will visit your school to take photographs of the proposed site.

Please feel free to contact me if you have any questions, would like to schedule a visit, or would like to arrange a presentation about the Schoolyard Habitat for your school.

Thank you and we look forward to receiving your application.

Jo Wurst
