

TRAIL HEAD DIRECTIONS
Distance, Prescott to TH is 43 miles, incl 18 miles dirt.
[This is an opportunity to explore a seldom visited area of the Prescott National Forest and one with historic interest. The fire lookout building at the summit dates back to 1936 and the CCC era. It is on the National Historic Register.]
 Drive NW out of Prescott on **Williamson Valley Road**** (YC 5) to Camp Wood Road (YC 68) - this jct is 22 miles from Iron Springs Road.
****Williamson Valley Road has road works at south end -- consider using Pioneer Parkway instead.**
 - YC 68 jct is at milepost 22.1, just before blacktop ends. Turn left (west) on Camp Wood Road.
 - This is a good dirt road, with little washboard.
 - Milepost at starting junction is 46.1 (counts down). Drive west on this road for 15.5 miles to junction with FR 95, at milepost 30.6 in the Camp Wood area.
 - Go right (north) on FR 95 for 0.3 miles, then left (west) on FR 95C. Drive for 1.9 miles to trail head. FR 95C is somewhat rough in places but OK for a passenger car driven slowly. Last ¼ mile is rougher, so park early and hike to trail head if you wish.
 - Trail #6 goes in same direction as FR 95C was going.
 - All trails on map are motorized but very little used.
Total out-and-back hike is 4.6 miles (strenuous).
 Allow minimum of 2.5 hours to top for this tough climb!
 Start at 5800 feet, lookout at 7270'. Hiking sticks helpful!
 - little shade, loose rocks in places, few level parts.
