DESCRIPTION

The "P" on Badger Mountain originated as a 1922 senior class project of Prescott High School. This hike is moderate 3.2 mile hike to the "P" and back. It is mostly unshaded chaparral, winding up and down from 5600 to 6300 ft. At the top of Badger Mountain you will find a fenced area containing cell phone towers and antennae. The painted rocks comprising the "P" are about 50 feet below the summit to the NW. Trekking poles are helpful here. For a longer hike, continue on the Badger Mountain trail out-and-back.
